

RI School Library Survey 2019

The Library Board of Rhode Island (LBRI) has formed an ad hoc committee to study the current state of school libraries in Rhode Island elementary and secondary schools, identify the challenges to the inclusion of successful school library media programs, and make recommendations for actions that would strengthen school library media programs in our schools.

Please help us learn about the state of school libraries in Rhode Island by taking a few minutes to complete this survey. Your response will be used to strengthen and advocate for school libraries throughout Rhode Island. Responses will not be shared in any way that links them to a specific school or school district.

Please complete one survey for each school you serve.

Before beginning this survey, it will be helpful to gather the following information:
